Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Graduation Rates data in the Spring and how you report student charges in Part D of this survey.

If your calendar system is different from prior year or requires a change, please contact the Help Desk at 1-877-225-2568.

3. What is the predominant calendar system at the institution? [Choose one]

Standard academic terms

Checking one of these systems determines that your institution will provide Graduation Rates data based on a FALL COHORT and student charges based on a FULL ACADEMIC YEAR

- ☐ Semester
- ☐ Quarter
- ☐ Trimester
- ☐ 4-1-4 or similar plan
- ☐ Other academic calendar

Other calendar system

Checking one of the following determines that your institution will provide Graduation Rates data based on a FULL YEAR COHORT and student charges data will be requested by PROGRAM.

- ☐ Differs by program
- ☐ Continuous basis (every 2 weeks, monthly, or other period)

Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?

Include all levels that your institution offers, even if there are no students currently enrolled at that level.

The answers to these questions determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the Winter and Spring collections. Additionally, checking **Yes** for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report pricing information for these students (on the IC survey) and Student Financial Aid information in the Spring collection. The reported full- and part-time 2006 Fall Enrollment counts are provided for your reference.

Please provide an early estimate of your institution's fall enrollment for all levels offered at your institution as indicated above for full- and part-time students. Estimates should be based on the definitions used in the IPEDS Enrollment component submitted in the Winter or Spring collection. These data will NOT appear in IPEDS COOL (College Opportunities Online Locator), but will be made available in the IPEDS Peer Analysis System.

5. For academic year 2001-02, did your institution have any full-time first-time degree/certificate-seeking students enrolled in programs at the baccalaureate level or below?

If you answer **Yes** to this question, you will be required to provide Graduation Rates data for 2001-02 in the Spring collection. If you answer **No** to this question, please indicate the reason you are not required to report Graduation Rates for the cohort year requested. If you reported any full-time, first-time degree/certificate-seeking undergraduates on the 2001-02 Enrollment survey, the data will be preloaded below.

Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Graduation Rates data in the Spring and how you report student charges in Part D of this survey.

If your calendar system is different from prior year or requires a change, please contact the Help Desk at 1-877-225-2568.

3. What is the predominant calendar system at the institution? [Choose one]

Standard academic terms

Checking one of these systems determines that your institution will provide Graduation Rates data based on a FALL COHORT and student charges based on a FULL ACADEMIC YEAR

- ☐ Semester
- ☐ Quarter
- ☐ Trimester
- ☐ 4-1-4 or similar plan
- ☐ Other academic calendar

Other calendar system

Checking one of the following determines that your institution will provide Graduation Rates data based on a FULL YEAR COHORT and student charges data will be requested by PROGRAM.

- ☐ Differs by program
- ☐ Continuous basis (every 2 weeks, monthly, or other period)

Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?

Include all levels that your institution offers, even if there are no students currently enrolled at that level. The reported full- and part-time 2006 Fall Enrollment counts are provided for your reference.

The answers to these questions determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the Winter and Spring collections. Additionally, checking **Yes** for full-time, first-time students determines that your institution will report pricing information for these students (on the IC survey) and student financial aid information in the Spring collection.

Estimated 2007 Fall Enrollment

Please provide an early estimate of your institution's fall enrollment for all levels offered at your institution as indicated above for full- and part-time students. Estimates should be based on the definitions used in the IPEDS Enrollment component submitted in the Winter or Spring collection. These data will NOT appear in IPEDS COOL (College Opportunities Online Locator), but will be made available in the IPEDS Peer Analysis System.

5. For academic year 2004-05, did your institution enroll any full-time, first-time students?

If you answer **Yes** to this question, you will be required to provide Graduation Rates data for 2004-05 in the Spring collection. If you answer **No** to this question, please indicate the reason you are not required to report Graduation Rates for the cohort year requested. If you reported any full-time, first-time degree/certificate-seeking students on the 2004-05 Enrollment survey, the data will be preloaded below.

Instructions for Institutional Characteristics

For best results, print using landscape orientation.

Institutional Identification

Required fields - Double asterisks (**) beside a field on a screen indicate that the field is a required entry.

Institution name and address - This is the full name of the institution covered by this report and the **physical location** of the institution, including 9-digit ZIP Code (if known), as it should appear in an institutional listing. DO NOT provide a Post Office Box Number in this field. If your institution's name has **officially** changed, enter the new name in the box provided.

Mailing address - In this block, please provide the address to which correspondence should be mailed, if the mailing address is different from the physical address. You may provide a P.O. Box here. This address may be the address of a central, system, or corporate office, or other branch campus located elsewhere.

Telephone number - Please enter the telephone number for general information inquiries.

Web Address - Enter or update the institution's general (or main) web site address if your institution maintains a home page on the Internet. Also enter the Admissions Office web address and the Financial Aid Office web address. Do not preface the address with http://; the Internet protocol will be determined by the College Navigator web site. Be sure to indicate where the address is case sensitive.

Online application - If your institution has an online application, please provide the web address where the application can be found. The web address will be made available through the College Navigator website.

Employer ID number - Enter the Employer Identification Number (EIN), the 9-digit number that the Internal Revenue Service (IRS) assigned to the institution for tax purposes.

OPEid - Verify your Office of Postsecondary Education Identification number (OPEid), the 8-digit number that is used by the U.S Department of Education for federal student financial aid eligibility purposes. This number can be found on your Program Participation Agreement (PPA). If your pre-printed number is not correct, please contact the HELP desk at 1-877-225-2568. This item will not be shown for institutions that do not have an OPEid (and are not eligible for Title IV funding).

Name and title of chief administrator of institution - Provide the name, title and email address of the chief

administrator of the entity covered by this report. (Example: President, Chancellor, Provost, etc.)

Part A - Educational Offerings

This question is asked to verify the inclusion of the institution on the NCES/IPEDS list of institutions offering all types of postsecondary education. Postsecondary education is the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is academic, vocational, and continuing professional education and excludes avocational and adult basic education programs.

Mission Statement - Please provide your institution's mission statement or a link (URL) to the web address where your statement can be found. If your mission statement is lengthy but available electronically, provide the link in the space provided. If you type your statement it must be limited to 3,000 characters or less. The institution's mission statement will be made available on the College Navigator.

Part B - Organization

Institutional control or affiliation - Indicate the appropriate form of control or affiliation under which the institution operates. Affiliation with a religious group need not imply financial backing. If the institution has a religious affiliation, select the denomination from the list provided in the drop box. Public institutions must designate a primary control; identification of a secondary control is optional.

If the control of your institution is different from prior year or requires a change, please contact the Help Desk at 1-877-225-2568.

Award levels - Check all applicable levels for all credit programs offered at this institution. Award levels are identified on the basis of recognition for their completion, duration, or a combination thereof.

- Note that award levels 1, 2, and 4 are differentiated on the basis of length of programs and refer to completions below the level of the baccalaureate degree. Do not designate the categories on the basis of the terminology used by the institution to describe these completions.
- All references to length of study should be interpreted to mean the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period.
- One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours of instruction.
- Award levels 3, 5, 7, 9, and 10 indicate those degree levels for which the institution is authorized to make formal awards.
- If you check award level 12 - Other, please specify or describe this award in the caveats box after you make sure that it cannot be classified in one of levels 1-11.

Calendar System - Indicate the **predominant** calendar under which the institution operates. If programs are

offered on more than one calendar, select the system under which most programs are offered. If there is no predominant calendar system at this institution, indicate the option that best characterizes your institution.

If your calendar system is different from prior year or requires a change, please contact the Help Desk at 1-877-225-2568.

Note: The way you answer the calendar system question determines how you will report tuition information and how you will determine your cohort for reporting Graduation Rates data. The Student Right-to-Know regulations state that if your institution offers a predominant number of programs based on **standard academic terms** (semesters, trimesters, quarters, 4-1-4, or other academic), you must use a **fall cohort**. Institutions choosing one of the standard academic term options will report tuition and fees information based on a **full academic year**. If most of your programs are not based on standard academic terms (that is, you operate on a **program-by-program or continuous enrollment basis**), then you are to use a **full-year cohort**. You will report tuition and fees information by program and must **report for the entire length of the program**.

Example: Your institution offers primarily occupational/vocational programs of various lengths. A student enrolls in a program and pays tuition for the entire program. In addition, students are allowed to enter at three different times during the year. How should you report? In this case, you should indicate "program by program" even though it seems that your institution operates on a trimester basis. If your institution reports by program, prospective students can see what they should expect to pay to obtain a certificate in a particular program and how long the program takes to complete.

Enrollment of full- and part-time students - Indicate whether your institution enrolls any full-time or part-time students at the levels listed. Also indicate whether your institution enrolls first-time, degree/certificate-seeking undergraduate students on either a full- or part-time basis. This will determine which screens will be generated for reporting academic year tuition charges, and for reporting Enrollment data during the Winter and Spring collections. Additionally, checking Yes for full-time, first-time, degree/certificate-seeking students determines that your institution will report price information later on subsequent IC screens in Part D, and Student Financial Aid information in the Spring.

Estimated 2007 Fall Enrollment - Please provide an early estimate of your institution's fall enrollment for all levels offered at your institution as indicated above for full- and part-time students. Estimates should be based on the definitions used in the IPEDS Enrollment component submitted in the Winter or Spring collection. These data will NOT appear in College Navigator, but will be made available in the IPEDS Peer Analysis System.

4-year institutions - Indicate if your institution had any full-time, first-time undergraduate students enrolled in programs at the baccalaureate level or below in academic year 2001-02. If you indicate 'yes' you must report graduation rates data in the Spring.

Less-than-4-year institutions - Indicate if your institution had any full-time, first-time degree/certificate-seeking students enrolled in academic year 2004-05. If you indicate 'yes' you must report graduation rates data in the

Spring.

System, Governing Board or Corporate Structure - Please check (click) the appropriate box in this section. If your institution is not part of a system or larger corporate entity, check the first box. A system is an organization of two or more postsecondary institutions with a common governing body. If your institution is part of a system or corporate entity, please check the second box and provide the name of the system or corporate entity.

Part C - Admission Requirements and Services

Admission policy - This question determines whether or not your institution has an open admissions policy. Select "This institution does not admit first-time undergraduate-level students" if yours is an upper division, graduate, or first-professional only institution.

Admission Requirements and Services - Admission Requirements

Admissions considerations - This question refers to the admission policy for entering first-time undergraduate students. Indicate the types of considerations that are used as part of the selection process for entering first-time degree/certificate-seeking students. For each, indicate if required, recommended, neither required nor recommended, or if you don't know.

Applicants/Enrolled Students - First select the period for which you will report. Report data for fall 2006 or 2007, whichever is currently available. Indicate the number of first-time, degree/certificate-seeking students who applied, the number offered admission, and the number who enrolled (both full and part time) by gender, or total, or both at your institution for the indicated reporting period. If the total includes students that did not provide gender, the detail do not have to sum to the total. Include early decision, early action, and students who began studies during the summer prior to the fall reporting period. Applicants should include only those students who fulfilled all requirements for consideration for admission and who have been notified of one of the following actions: admission, non-admission, placement on a wait list, or application withdrawn (by applicant or institution). Admitted applicants (admissions) should include wait-listed students who were subsequently offered admission.

Test scores - Select a reporting period. If test scores are required for admission for students in your entering cohort (first-time, degree/certificate-seeking undergraduate level students), please provide the number and percentage of students submitting SAT/ACT scores and the 25th and 75th percentile scores for each test. **Include information for ALL enrolled, degree/certificate-seeking, first-time, (freshman) students who submitted test scores.** Do not include partial test scores (e.g., mathematics scores but not verbal for a category of students) or combine other standardized test results (such as TOEFL) in this item. If students submitted TOEFL scores in addition to SAT/ACT scores include those students. Please **do not** convert test scores; scores must be reported separately. Provide data for the most recent entering class for which data are available; include new students admitted the summer prior to the fall for which you are reporting.

Admission Requirements and Services - Services

Special credit upon entry - Please indicate if your institution accepts credit earned prior to admission through any of the sources listed.

Special learning opportunities - Indicate which of the listed special learning opportunities are offered by your

institution. Teacher certification refers to pre-K through 12; if your institution provides certification for some levels (e.g., elementary only and not secondary) be sure to indicate that only certain levels are offered.

Admission Requirements and Services - Student Services

Years of study required for entry - This item will identify institutions that limit entrance to students who have completed certain academic requirements. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

Student Services - Indicate which of the listed services are offered by your institution.

Library - Indicate whether this institution has its own library, contributes financially to a shared library, or has no facility.

Part D - Student Charges

The following data items are to be completed prior to entering charges:

On-campus or Institutionally controlled housing - Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on-campus or in institutionally-controlled housing.

Tuition based on residence - Indicate if your institution charges a different price for students from in-district, in-state, or out-of-state.

For Academic Year Reporters Only

Student Charges - Undergraduate Students

Application fee - If your institution charges an application fee for admission, indicate the amount.

It is recognized that tuition and required fees and room and board charges may not be the same for all **full-time undergraduate students** at an institution. Therefore, please be guided by the following:

- Report the amount of tuition and required fees for **the full academic year** most frequently charged to in-district, in-state and out-of-state students. Be sure to provide amounts in all columns (in-district, in-state and out-of-state) even if they are the same. If your institution charges tuition on a per-credit-hour basis, please estimate average tuition based on the average full-time credit hour load for an entire academic year.
- When reporting required fees, be sure to include all fixed sum charges that are REQUIRED of such a large proportion of all students that the student who does not pay the charges is an exception.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

Undergraduate students include:

- Those who have not obtained a bachelor's degree;
- All students in bachelor's degree programs which require at least 4 years but fewer than 6 years of college work; and
- All students in occupational or general study programs requiring 1, 2, or 3 years of college work and which are designed to prepare students for immediate employment, or to provide general education rather than as the first 1, 2, or 3 years of a bachelor's degree program.

Per credit hour charges - Enter the dollar amount your institution most frequently charges to **part-time undergraduate students** per credit hour of instruction. Be sure to provide data for in-district, in-state, and out-of-state students.

Student Charges - Graduate Students

Application fee - If your institution charges an application fee for admission, indicate the amount.

Graduate students - Those students who have attained at least one standard bachelor's degree or first-professional degree and are or could be candidates for Master's or Doctor's degrees. DO NOT include candidates for the degrees of D.P.M., D.D.S., D.M.D., M.D., O.D., D.V.M., L.L.B., J.D., B.D., or other first-professional degrees; these are to be reported on the first-professional page.

- Report the amount of tuition and required fees for the full academic year most frequently charged to **full-time graduate students**. Be sure to provide amounts in all columns (in-district, in-state and out-of-state) even if they are the same. If your institution charges tuition on a per-credit-hour basis, please estimate average tuition based on the average full-time credit hour load for an academic year.
- When reporting required fees, be sure to include all fixed sum charges that are REQUIRED of such a large proportion of all students that the student who does not pay the charges is an exception.
- **Do not include any charges that are clearly optional.**

Per credit hour charges - Enter the dollar amount your institution most frequently charges to **part-time graduate students** per credit hour of instruction. Be sure to provide data for in-district, in-state, and out-of-state students.

Student Charges - First-professional Tuition and Fees

Application fee - If your institution charges an application fee for admission, indicate the amount.

Tuition and required fees for first-professional programs - Enter in the spaces provided the dollar amount of tuition and required fees for an academic year charged to full-time students in each of the first-professional programs offered at this institution. The prior year data is provided for the programs that were reported for this institution in a prior year; if your institution no longer offers the program, do not report a current year tuition or fees for that program.

Student Charges - Room and Board Charges

Report the typical room charge for the **full academic year** 2007-08 to a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for 2007-08 to a full-time student. Report a combined room and board charge only if room and board charges **CANNOT BE SEPARATED**.

Student Charges - Price of Attendance

Institutions with standard academic terms (semesters, trimesters, quarters, or 4-1-4 or other academic plans) should provide price information for in-district, in-state, and out-of-state students for the FULL ACADEMIC YEAR in the columns indicated. At this time, you may update or correct any 2005-06 or 2006-07 data that were previously provided. If your institution did not report student price information, be sure to provide **three years** of data.

Prices entered on this screen will be compared to similar prices entered for the prior year. If you change a previously reported amount and the new amount exceeds what was previously reported by 25%, an explanation will be required to lock the data. Amounts that reflect an increase of more than 10% for consecutive school years will also require an explanation in order to lock the data.

Tuition and fees, books and supplies, room and board, and other expenses are those amounts used by your financial aid office for determining eligibility for student financial assistance. You **must** supply this information in the boxes provided. Report comprehensive fee if tuition/room/board charges cannot be separated. **You will not be able to lock without these data.**
